

STUDENT SUCCESS REPORT

Unlocking a child's potential and setting them up for future success is dramatically impacted by their ability to **EXPERIENCE CONNECTION** and **UNDERSTAND THEIR NATURAL STRENGTHS, BEHAVIORAL STYLE, and MOTIVATION.**

THIS REPORT *has* **THREE KEY SECTIONS.**

One section is for the child, to help them see what makes them incredible. There is also a section for parents and guardians, with valuable insight into how to build deeper connection with their child using their child's own unique communication style. The third section is for sharing with the child's teacher or tutor, so they have insight into the child's unique behavior style, strengths, motivation, and more. Combined, these sections provide a tripod of support to unlock the potential found deep inside each precious child.
